This course equips you with the fundamentals of programme management, focusing on managing multiple projects to achieve strategic objectives.

Overview

The MSP® Foundation course provides a comprehensive introduction to the Managing Successful Programmes (MSP) framework. It covers the fundamental principles, governance themes, and transformational flow needed to manage multiple, related projects effectively.

The course is designed to help participants understand how to align programmes with strategic goals, manage risk, and ensure benefits realisation. By the end, you'll have a solid understanding of how to apply MSP to coordinate complex projects and deliver long-term, sustainable value to organisations.

Who is it designed for?

The MSP Practitioner qualification is designed for programme managers, project managers, business change managers, operational staff, and key personnel involved in programme design, development, and delivery, including Programme Board members, programme assurance, and portfolio management staff.
