PRINCE2 helps you to acquire knowledge of the PRINCE2 method, providing you with the skills to successfully manage projects of any size.

Overview

The PRINCE2 7 Foundation and Practitioner certifications together provide comprehensive training in the PRINCE2 project management methodology. The Foundation certification introduces the core principles, themes, and processes of PRINCE2, emphasising structured project management and adaptability. It suits individuals new to project management or those seeking formal knowledge.

The Practitioner certification builds on this, focusing on applying PRINCE2 to real-world projects. It covers tailoring the methodology to different environments and managing risks and stakeholders. The combined certification equips candidates to both understand and practically apply PRINCE2, ensuring effective project management and successful delivery.

Who is it designed for?

This certification is ideal for individuals new to project management or those seeking to formalise their knowledge. Such as:

- Project Managers (certified and uncertified)
- Aspiring Project Managers
- For everyone aiming to enhance their project management skills
